All You Want—The Muddle
Is Clearing.

(Lexington Leader.)

The insurance situation, which in the
opinion of all local insurance men, is
prosperous and a crisis, was calmed by
a number of interesting developments
yesterday.

The most interesting locally was the
announcement of Manager C. F. Snyder
of the Henry Clay Fire Insurance Com-
pany of this city that it would be able
to handle the entire line of the
State University Insurance
Company would ask that it
be the preference over any line
to companies not authorized.

to do business in the State, and which
if placed would have to be handled
through brokers.

There are some few farmers in the
county who are never without a supply
of corn, and among them is M. B. Brad-

CITY MISSION NOTES

Report For April Shows Good Work
Done—Mrs. Brock Again In Charge.
After Long Illness.

The Board of City Missions held their
monthly business meeting at the City
Mission rooms, Thursday afternoon,
May 7. Miss Hurd gave the following
report for the month of April:

Household expenditures—\$25.69.
Industrial School—\$4.95.
Easter Social—\$1.65.
Supplies furnished for various needy
ones—\$7.03.
Twenty-five baskets given out, and 93
garments.

Cash received for garments sold, \$4.
Calls made—150.

The treasurer, Mrs. Lovel, gave an
itemized statement of disbursements for
April of \$131.28.

Miss Edith Dickson's cooking class
served a most tempting luncheon to the
mothers and friends of the pupils, which
was much enjoyed by them, and fu-
demonstrated the splendid work Miss
Dickson is doing with this class.

Miss Hurd reported the Industrial
and Sabbath School in a most flourish-
ing condition. The attendance at the
Easter service was 130. The attend-
ance, last Sunday, which was Mother's
Day, 125. The general average attend-
ance at Sabbath School is 74, and the
average collection 79c. This Sunday
School now defrays its own running
expense. The young women of this Sun-
day School held one social meeting
among themselves and are planning for
others.

The Board was rejoiced at having
their beloved worker, Mrs. Brock with
them once more, having been laid aside
from her chosen work with severe ill-
ness for the past six weeks. And though
not strong enough yet to assume the
active duties of the Mission, yet her
presence and advice lend an inspiration
that is much needed and has been much
missed.

"Mother Ellen," as she is familiarly
known in the community, sent a book
which she valued very highly entitled,
"The First Mortgage," to Mr. Hal Cur-
ran, asking him to present it to the
Mission on her behalf. On Palm Sun-
day, Mr. Curran complied with the
request and presented the book.

MEXICAN SITUATION MOST TENSE

Washington, May 8.—The cabinet met
again today and high tension marked
the Mexican situation, both on the mili-
tary and the diplomatic side.

The War Department was the chief
center of activity, and while no au-
thoritative statement was made beyond
Secretary Garrison's formal reply that
"No orders for additional troop move-
ments have been sent," became known
that the sending of additional troops to
Vera Cruz was under consideration and
probably would be carried out. This
step would not be intended in any way
as an aggressive measure, but as a
reasonable precaution to support the
force already there in case of any un-
dward event.

Such an untoward event is considered

one of the eventualities which must be
guarded against, although it is not re-
garded as immediately imminent.

Of equally serious portent to the
troop preparations was the report late
in the day that the German merchant
ships were about to arrive at Puerto
Mexico, with large supplies of arms and
ammunition for Huerta. It was realiz-

ed that this, if true, would pre-
sented similar to the arrival of
Ypiranga at Vera Cruz with her
of munitions, which led immedi-
ately to the American occupation of that
city. The fact that the high officer
of the army had recommended the se-
nding of 60,000 men to Vera Cruz be-
known during the day.
